OBJECTIVE STATEMENT

Aspiring Software Developer with experience in backend development, API integration, and database-driven applications. Completed an internship using Django and REST APIs, with strong skills in programming, debugging, and functional testing. Currently pursuing MCA and building expertise in modern software development and scalable systems.

EDUCATION

MCA Shrinivas Institute of Technology Managlore	present
B.Voc in Software and Application Development, SDM College Ujire	2025 Mangalore
PUC in EBAS, SDM PU College, Ujire	2022 Mangalore

EXPERIENCE

Intern at Pinnacle Lab	Jan 2025
-------------------------------	----------

Role: Python Developer

Built backend services and REST APIs using Python and Django Rest Framework (DRF).

Designed and optimized database-driven applications using Django ORM

Implemented unit testing to improve reliability and reduce bugs

Participated in debugging, feature enhancement, and cross-functional coordination.

PROJECTS

Placement Prediction Portal [GitHub]	July 2026
---	-----------

Tech Stack: Python, Flask, Machine Learning, MySQL, HTML, CSS, JavaScript

Developed a web-based Placement Prediction Portal to manage student profiles, placement records, and recruitment activities through a centralized system.

Implemented secure user authentication, profile management, and role-based access for students and administrators.

Quiz Application [GitHub]	Aug 2025
--	----------

Tech Stack: Python, OOP, MySQL

Developed a Python quiz application with dynamic question banks and authentication.

Designed and tested score tracking logic with test cases for reliability.

Performed debugging to ensure structural flow and error-free experience.

Implemented input validation and exception handling to improve application stability and ensure smooth.

SKILLS

Programming Languages: Python, Java, HTML, SQL, CSS

Tools and Platforms: Git, GitHub, VS Code, DevOps Tools

Databases: MySQL, Firebase

Others: Manual Testing, Unit Testing, AI/ML

Core CS Subjects: OS, DBMS, OOPS, Computer Networks

CERTIFICATES/WORKSHOP

Accenture Nordics – Software Engineering Virtual Experience

AI-ML Virtual Internship by Google for Developers

AI foundation Associate cloud infrastructure -Oracle

ACHIEVEMENTS

- Participated Gen Ai Exchange Hackathon Conducted by Google Cloude H2S
- Completed multiple self-learning tracks in Python, AI/ML, and cloud.
